Dr. Alan Groveman  
Superintendent of Schools  
Connetquot School District  
780 Ocean Avenue  
Bohemia, New York 11716

Dear Dr. Groveman:

This letter is a follow up to the letter dated October 19, 2006 where the Connetquot Teachers' Association asked for documentation regarding the District's compliance with the health and safety regulations of the Commissioner of Education. More specifically, we asked for the following documentation:

- Building Condition Surveys
- Annual Visual Inspections
- Five Year Capital Facilities Plan
- Monitoring System

We also inquired if the District has a health and safety committee in place as required by the RESCUE Law of 1998.

To date we have not received the above requested information. At your earliest convenience, please provide the Association with this documentation. If you have any questions, please feel free to contact me at 244-2370 during school hours or on my cell at 516-551-0542.

Sincerely,

Brad Lindell  
Vice President – Negotiations  
Health and Safety Coordinator
